

Carol Rannard: Co-Opted Governor

Responsibility for:

SEND & Teaching & Learning

Term of Office:

18th July 2018 – 29 June 2020

A bit about me...

I was very pleased to be given the opportunity to apply for the role of a governor at Dee Point School and found my visit to the school inspirational.

My lifelong commitment has been to Education and the Theatre, at times separately and at others combined. My last position of thirteen years was as Deputy Head Teacher of a large inner-city Primary School in North London. I was responsible for the curriculum with a particular interest in Maths and English, especially Reading and Drama. I was dedicated to finding the best methods of teaching which enabled all the children to achieve. I certainly understand the demands of working within a challenging community.

Since moving to Chester I have become involved with singing and theatre projects but would also welcome the chance to play a supportive role in a school community. I would like to celebrate the strengths of your school and be part of a team which supports its aims and objectives.

I understand the value of working for the best interests of the whole school community. I also appreciate the need to undertake appropriate training in order to carry out all duties effectively.
