### **A bit about me...**

Well I am Chester born and bred, originally from Newton but bought a house with my wife (a previous Dee Point student) in Blacon back in 2005.

I work as a manager in Wrexham and have worked in the mobile communication business for 23 years. I am constantly being called a bit of a geek when it comes to technology and it's true.

In 2011 I became a Dad for the first time and again in 2014, both of which attend Dee Point. If I could, I would be a full time Dad as nothing is more important to me than family.

I have joined the governing body as I want to be involved and ensure that not just my children but also the other children of Dee Point get the education they deserve and ensure that it is delivered in an enjoyable way so that the learning sticks, I'm confident that the teachers of Dee Point do a great job everyday but it's always worth having that impartial figure to make sure.

My hobbies include cycling, photography, technology and quite partial to a good MCU movie.

My claim to fame would be that when I was a baby I was baby sat by Stephanie McLean and her extremely famous boyfriend at the time Barry Sheen world Superbike Champion. I was also the one from the Dad's race that went flat on his face (yes embarrassment hurts!).
